MUNICIPAL REGULATIONS.

CITY CLERK'S OFFICE,
CITY OF CONCORD, FEB. 1, 1869.

To persons having claims against the City:

All persons furnishing materials or service for the City, or aid to City Paupers, should be particular to take the name of the person ordering such service, material or aid, and should *know* that the person is duly authorized to contract said liability.

The City will not be holden for merchandise sold or delivered on City Pauper account, except on the written order of the Overseer of the Poor, and for no longer time than until his successor shall have been appointed and qualified.

Duplicate copies will be required of all bills payable by the City furnished on county Pauper account.

All bills against the City must be approved by the person authorizing the charge; and unless this is done no action can be had upon the bill by the Committee on Accounts, and no order will be given for its payment.

When bills are certified to as above, and left with the City Clerk before twelve o'clock of the day of meeting of the Committee on Accounts, they will be audited by them, and if approved, be ready for payment on the Wednesday following.

Meetings of the Committee are held on the Thursday next preceding the last Saturday of each month, at two o'clock, P. M., which will occur the present year, Feb. 25th, March 25th, April 22d, May 27th, June 24th, July 29th, Aug. 26th, Sept. 23d, Oct. 28th, Nov. 25th, Dec. 23d, Jan. 27th, 1870, Feb. 24th.

C. F. STEWART, *City Clerk.*

REPORT OF THE COMMITTEE ON FINANCE,

FEBRUARY 1, 1869.

In conformity with the requirements of the "Ordinance establishing a system of accountability in the Expenditures of the City," the Joint Standing Committee on Finance, submit to the City Council their Annual Report of the receipts and expenditures of the Financial Department of the Government for the year ending with the thirty-first day of January, 1869.

Laura K. Hopkins, "	21.50
Frank W. Thompson, "	8.08
City Treasurer,	10.00

The amount of Concrete Sidewalk laid during the past year has exceeded that of any previous one, and the contribution by the City for the same has absorbed a larger portion of the appropriation than was anticipated. While the practice prevails of making contribution for the laying of concrete walk, without fixing the sum to be so used, the Superintendent cannot determine before the close of the year, whether his expenditures will exceed or fall within the limits of the appropriation.

DISTRICT No. 1.

Simeon Farnum, Surveyor,	Dr.
To balance of appropriation of 1867 unexpended,	$4.52

REPORT OF CHIEF ENGINEER.

To His Honor the Mayor and Board of Aldermen:

In conformity with the requirements of Sec. 3 of "An ordinance relative to the Fire Department," the undersigned respectfully submits his annual report.

During the year the following fires and alarms have occurred:—

June 4th, 1868. Barn in rear of the Concord Railroad Passenger Station, owned by the Road and occupied by B. Biddle. Supposed incendiary. Total loss, $800; no insurance.

July 14th. Four-story brick building fronting on Depot square, owned by Warde, Humphrey & Co., and Charles Austin. Supposed to have originated from sparks from a forge, or from friction of machinery. Occupied by J. Palmer & Co., spring makers; J. S. Webster & Son, machinists; Secomb & Pillsbury, Charles Austin and Charles E. Austin, instrument makers. Partial loss, $3500; insured $700.

Oct. 14th. Engine-house of Steam Fire Department on Warren street. Probably accidental. Partial loss to building, $170; insured.

Oct. 26th. Barns and sheds of Cyrus N. Corning, on "Glover place," east of the Merrimack river, at the southerly section of the city. Cause unknown. Total loss, $5000; insurance $3700.

Nov. 26th. "Hill's Block," owned by J. M. & I. A. Hill, on Main street. Fire confined to rear roof and upper story. Supposed to have originated from sponta-

neous combustion. Partial loss, covered by insurance, $4250.

Dec. 7th. A small and very old one-story house on West street, near the "Camp Grounds," owned by heirs of John Scales, and unoccupied. Undoubtedly incendiary. Total loss, nominally estimated at $100; uninsured.

Dec. 12th. The middle tenement of "Call's Block," in rear of the State House. Fire originated by the burning out of a defective chimney, and was extinguished without material damage. Loss nominal.

Dec. 26th. "Union Block," owned by Joseph S. Lund and Ignatius Fellows. Occupied by Smith and Newhall, restaurant; Wm. Marshall, furnishing goods; Vogler & Stanley, furniture; John H. Hill, tailor, in stores: second and third stories by B. Carr, photographer; Vogler & Stanley, and J. Annable, upholsterers. Supposed to have taken fire from defective funnel. Partial loss, $6400; insured.

Dec. 27th. Alarm from resuscitation of fire among debris in same block. No additional damage.

Jan. 13th, 1869. Tenement house on Centre street, owned by Cyrus Hill, and occupied by several families. Cause, defective chimney burning out. Damage slight; loss nominal.

These losses sum up $20,220, partially covered by an insurance of $15,220; an exhibit, compared with the losses of the previous year, of a most gratifying character. Three of these fires occurred in the night, in large and valuable blocks, and it is but simple justice to the Department to say that through their prompt and efficient services, with well concerted efforts and good judgment, the flames were held in check and most serious conflagrations prevented. This credit has been freely accorded by the underwriters and adjusters of the various insurance companies interested, who have visited and inspected the premises. In this connection it may be opportune to speak of the sub-

ject of insurance. Our city of late years having entailed an unenviable reputation for frequent and disastrous fires, with well founded suspicions of incendiarism, has experienced gradually advancing premiums, reaching a point now excessive and burdensome, and compared with rates on corresponding property in other large towns and in cities, manifestly unequal and oppressive. Policy holders have been made to feel this condition of things so sensibly that it has become a source of loud and general complaint. I have made an effort to ascertain the amount annually paid out for premiums on property insured in this city, but in the absence of authentic data, I have consulted and accepted the estimates of persons who have more thoroughly investigated this matter, and who are well posted in insurance statistics, and predicating my statement upon their opinions, I have no hesitation in saying that the sum will reach, nearly, or quite, $75,000; *an amount five times in excess of the losses for the year;* showing most conclusively that the demand for a reduction is both equitable and reasonable, and should be conceded by the underwriters.

In order to show the decrease in the cost of fire service of the Department since its re-organization, I subjoin a statement of the last five semi-annual pay rolls; the first two payments under the old ordinance; the third, one-half under the old and one-half under the new; and the last two under the new alone:—

Six months to	Feb. 1, 1867,	under *old* ordinance		$2740.70
" "	Aug. 1, "	" " "		2762.39
" "	Feb. 1, 1868,	" *old and new ordinance		2202.75
" "	Aug. 1, "	" *new* ordinance		1567.50
" "	Feb. 1, 1869,	" " "		1546.75

This decrease is more readily seen by taking a year under the *old* ordinance, shown in the first two payments, amounting to $5503.09, and a year under the *new* ordinance, shown in the last two payments, amounting to

* The new ordinance went into effect November 1, 1867.

$3,114.25; giving a decrease of $2,388.84; more than three-fourths of the current yearly running expenses.

A new and serviceable four-wheel carriage, manufactured by the Amoskeag Manufacturing Company, from a model adopted by the city of Boston, has been furnished "Eagle Hose." It was much needed, and its introduction has infused an interest which has advanced and perfected the discipline and efficiency of this Company. The carriage will reel 1500 feet of hose. Its cost was $600, and it was paid for from the proceeds of the sale of Engine No. 3 to the town of Hanover, for an equal sum.

For two years past the cement conduit leading from the large reservoir in the High School yard through School to Main street, and thence up and down Main street to the reservoirs, one in front of the State House and the other at the intersection of Main and Pleasant streets, has so far decayed as to be deemed unreliable, and, in several instances, during the progress of fires, when the full head of water was let on, has burst, necessitating a change of the location of steamers at a critical time and to the great peril of property. Seasonable repairs had been made, but during the past summer the unserviceable condition of this pipe became more apparent, and that portion leading from the lower well in School street, fronting the Post Office, thence through Main street to the State House reservoir, was taken up, and its place supplied with an 8-inch iron pipe, at an expense of about $800. During the winter, obstructions were found to exist in the upper section of this old pipe in School street, between the reservoir and the upper well opposite the residence of Nathaniel White, indicating its decay there also; and to provide against any contingency of deficiency in the supply of water for fire purposes in the compact portion of Main street, and to facilitate and expedite the operations of the steamers, I caused a line of 6-inch pipe to be laid from the tank of the large holder of the Gas-Light Company to the passway

in rear of the Exchange Building, at a cost of only $170. At this point a steamer can set and couple with great rapidity, and command with thirty hours' supply of water, not only the buildings fronting on Main street, but the entire rear on its east side from Centre to Pleasant streets, including the mass of wooden buildings there located, and the valuable property of the Concord and Northern Railroad Corporations.

I would recommend the displacement of the remaining portion of this old cement pipe and the substitution of iron. It will require about 350 feet of 8-inch pipe from the reservoir to the lower well in School street to connect with the pipe laid from the latter point to the State House reservoir, referred to above; and 550 feet additional from School to Warren street; thence to the Pleasant street reservoir a 6-inch pipe will suffice, requiring about 400 feet. Wells, with adjustable gates, from which the steamers can draft, should be placed on this line at the foot of School and Warren streets. The estimated expense of this work is about $1800. I do not make these recommendations without having looked over the ground of expediency carefully and considerately. The capacity of the High School reservoir has been tested in times of extreme drought and has never failed, but it can be greatly increased by laying the new pipe one foot or more lower, as should have been done when the old pipe was laid, and by proper guards from filtering through its ditch. Again, in case of the introduction of pure water from Long Pond, or any other source, these pipes and reservoirs will alike be required, and the investment still remain profitable to our city.

In early autumn two new reservoirs were constructed under my superintendence, both of jug form, built of brick and cement. One at the corner of Main and Pleasant streets of 1500 cubic feet capacity, costing about $500, connecting with the pipes from the High School reservoir,

and supplying a steamer, playing two streams, for about thirty minutes, giving ample time to open the gates and bring down the water from the reservoir. The other at the junction of Pine and Orchard streets, of about 2500 cubic feet capacity, and costing about $650, supplied by the Torrent Aqueduct Association. For strength and durability as well as for economy, this form of reservoir is unsurpassed.

A new reservoir is apparently needed at the intersection of State and Washington streets. The position is an important one, commanding much valuable property, now almost entirely unprotected. I would recommend the building of a reservoir at this locality, to be constructed in the form just indicated, to be fed from the brook near by.

I would also ask for 1000 feet new 2 1-2 inch hose for "Eagle Hose" Company. The hose they now have in use was taken from the hand engines upon their disbandment, is quite old, and of insufficient calibre for use in connecting with the steamers. It is very liable to fracture, and in this regard is a matter of much inconvenience and oftentimes great danger. The old hose can be exchanged and applied in part payment for the new.

In suggesting these improvements I have been actuated by considerations of absolute necessity alone. "A penny saved is a *pound* earned," and the timely supply of these deficiencies may prove the means of saving many times the cost. The expenses for the fire service of the city are reduced to nearly one-half the amount incurred in former years, prior to the re-organization of the Fire Department, and now, in view of the many valuable buildings which adorn our city and which yearly are in process of erection, adding to its wealth and beauty, we can well afford to expend the amount thus saved in providing ample means of protection.

In conclusion, I tender my sincere acknowledgments to the Fire Committee and other members of the City Government for their aid in my administration of this Department, and to my Assistants for their cordial co-operation in service; and to the entire Department for a constant and cheerful compliance with my orders and a prompt execution of my plans. All have been emulous of honorable reputation, the reward for which is found in the confidence of our citizens.

ABEL B. HOLT,
Chief Engineer.

CONCORD, February 1, 1869.

BOARD OF ENGINEERS.

CHIEF ENGINEER.

Name.	*Occupation.*	*Residence.*
ABEL B. HOLT,	Lumber Dealer,	Merrimack St.

ASSISTANT ENGINEERS.

Names.	*Occupation.*	*Residence.*
JOHN D. TEEL,	Farmer,	Main Street.

LOWELL EASTMAN,	Carpenter and Builder,	School Street.
ALONZO DOWNING,	Carriage Manufacturer,	State Street.
ALBERT H. DROWN,	Overseer,	Fisherville.
JAMES FRYE,	Farmer,	East Concord.
HARRISON PARTRIDGE,	Cooper,	West Concord.

Clerk, JOHN D. TEEL.

Schedule of Property—Steam Fire Department.

Engine house, lot and stable, $2.000; stoves, funnel and stove apparatus, $20; 22 settees, $88; 12 chairs, $6; 1 force pump and hose, $12; 1 wash bench and vise, $8; 100 ft. one-inch rope, $5; 1 bed and bedding and 3 tables, $20; 1 saw and saw-horse, $3; 1 hogshead tub, $1.50; 2 fire axes, $5; 1 coal sifter, $1; 2 bushel baskets, $2; 1 set of steps, $2; dust pans, brooms and mops, $1; 1 1-2 cords wood, $10; 1-2 ton coal, $7; Total, $2.195,50.

The buildings occupied by the Steamers and Eagle Hose are in good order and fair repair, and although not commensurate, either in location or in their general convenience with the requirements of this Department for its highest efficiency, have been made to afford very reasonable and comfortable accommodations.

Miscellaneous Property not in service.

1 Hunneman hand-engine, (old No. 6,) $350; 1 four-wheel hose-carriage, (old "Eagle Hose,") $25; 1 two-wheel hose-carriage, $5; 500 feet old two-inch hose and couplings, $250; 50 feet old two-inch hose and couplings, $8; 100 feet old linen hose, $1; 5 stoves, $40; 1 bell, $8; 1 signal lantern, $1; 1 rod and rollers, $1; 1 table, $1; 2 hanging lamps and reflectors, $1; 8 spittoons, $1; 6 jugs, $1; 1 lot belt-straps and belts, $1; lantern, ropes, and bars of Fire Police, $19; Total, $713.

"GOV. HILL," STEAM FIRE ENGINE COMPANY, No. 1.

Schedule of Property—"Pioneer," No. 1.

House, $800; engine, $1000; 2 hose-carriages, $200; 600 feet two-inch new leather hose, $1050; 300 feet two-inch old leather hose, $150; 1 set runners, $5; 5 lanterns, $5; 1 ax, 1 bar, $3; 5 fire suits, $20; 1 stove and funnel, $20; 6 settees, $24; 6 chairs, $3; 1 can, 4 lamps, $2; 1 fire-hook and rope, $25; 1 signal lantern, $3; 6 spanners and wrenches, $3; Total, $3313.

This machine is a "Button" tub, playing two powerful and effective streams. The entire apparatus of this Company is always kept in the most serviceable condition, and scrupulous neatness and good order mark the care and attention bestowed by the "Pioneers" upon the property they hold in charge.

"OLD FORT," COMPANY, No. 2.

Hand Engine. East Concord.

OFFICERS.

GEORGE H. CURTIS, *Foreman.* JOHN E. FRYE, *Clerk.*
GEORGE W. MOODY, *Asst. Foreman.*

MEMBERS.

Names.	*Occupation.*
George H. Curtis,	Musical Instrument Maker.
George W. Moody,	Carpenter.
John E. Frye,	Farmer.
William A. Bean,	Brickmaker.
Washington Hill,	Farmer.
John N. Hill,	Section Man.
Alvah Atwood,	Shoemaker.
John Hanrahan,	Laborer.
Adoniram B. Seavey,	Carpenter.

David Pettengill,	Laborer.
Robert Bell,	Stone Cutter.
George B. Pecker,	Farmer.
Robert H. Potter,	Farmer.
Benjamin F. Hodge,	Miller.
Elbridge Emery,	Carpenter.
Frank Osgood,	Blacksmith.
Daniel B. Sanborn,	Farmer.
Lauren Clough,	Station Agent.
Henry McDaniell,	Laborer.
Thomas Bean,	Brick Maker.
Edward R. Noyes,	Farmer.
Josiah C. Chesley,	Blacksmith.

Schedule of Property—"Old Fort," No. 2.

House, $600; engine, $400; hose-carriage, $100; 400 feet two-inch leather hose, $300; fire-hook and rope, $15; 1 set runners, $10; 6 settees, $24; 2 stoves and funnel, $6; 2 axes, 1 bar, $3; 2 lanterns and lamps, $4; 2 fire suits, $8; 6 chairs and table, $3; 4 buckets, $8; 2 whiffletrees and chains, $2; signal lantern, $3; stand, looking-glass and brush, $1; 1 shovel, $1, trumpet, $5; Total, $1.493.

This is a Hunneman tub, and from singular good fortune, has required but little use. The company has not been called out from an alarm in its own ward, for a period of nearly four years. Its materiel is kept in good order and ready for service if required. Some repairs are needed upon the building.

"NIAGARA," COMPANY, No. 3.

Hand Engine. West Concord.

Harvey H. Farnum,	Merchant.
James Benson,	Operative in Mill.
Charles H. Quinn,	Operative in Mill.
Patrick Conway,	Operative in Mill.

Schedule of Property—"Niagara," No. 3.

House, $600; engine, $500; hose-carriage, $100; 600 feet two-inch leather hose, $1.050; 300 feet two-inch leather hose, $150; 1 set runners, $10; 3 axes and 1 crow bar, $5; 2 fire suits, $8; 4 buckets and 2 lanterns, $12; 1 trumpet, $5; 2 stoves and funnel, $10; 8 settees, $32; 1 signal lantern, $3; 6 spanners and belts, $1; 1 chain and whiffle-tree, $2; 2 torches, $1; Total, $2.489.

This machine is a Hunneman tub—old No. 2, thoroughly re-painted, and re-fitted at an expense of about $58. Its hose is new, and the entire apparatus is in the best possible repair. The buildings are in fair condition.

Total,	$35.241,50

AN ORDINANCE RELATIVE TO THE FIRE DEPARTMENT.

Be it ordained by the City Council of the City of Concord, as follows:

SECTION 1. The fire department shall consist of a chief engineer, seven assistant engineers, (four of whom shall reside within the Precinct,) and engine-men, hose-men and hook-and-ladder-men, to be divided into companies, as follows: Steamers Nos. 1 and 2, twelve men each, including an engineer; Hose Company No. 1, twelve men; Hook and Ladder Company No. 1, twenty-four men; Hydrant and Hose Company No. 1, twenty-four men; Hydrant and Hose Company No. 2, twelve men; Engine Companies Nos. *6 and 7, not less than twenty-five nor more than thirty-five men each; Engine Company No. 8, not less than forty nor more than fifty men; and the appointment of said engineers and other members of the department shall be made by the mayor and aldermen, in the month of February, annually: *Provided, however*, That vacancies may be filled at any time. And the said assistant engineers shall constitute the board of engineers and shall perform the duties and exercise the powers of fire-wards. No person shall be appointed a member of either of the aforesaid companies who is less than twenty-one or more than sixty-five years of age.

SEC. 2. In all cases of fire the chief engineer shall have the sole and absolute control and command over all the engineers and other members of the department, and he shall at all times exercise supervision of the entire apparatus which may be in use.

SEC. 3. It shall be the duty of the foreman or captain of each engine, hose, hydrant and hose and hook and ladder company at least once a month, and also within one day after every fire at which said company may have attended, to examine into the condition of the fire apparatus belonging to his respective company, and report any deficiency which may exist to the chief engineer; and the chief engineer shall report annually, in the month of February, to the board of aldermen, stating in his report the names of all the members of the board of engineers, and of each of the companies. He shall also cause all necessary repairs to be made upon reservoirs and the apparatus of the department.

SEC. 4. In the absence of the chief engineer, the next assistant engineer in rank, who may be present, shall have the powers and perform the duties of the chief engineer; and the seniority in rank of the engineers shall be determined by the board of engineers at their first meeting.

SEC. 5. It shall be the duty of the members of the fire department, whenever any fire shall break out in the city, forthwith to repair to their respective engines and other apparatus, to convey the same to or near the place where the fire may be, place themselves under the control of the chief and other engineers, and upon permission of the chief or presiding engineer, in an orderly manner, to return such engine and apparatus to their respective places of deposit; provided that in the ab-

* The numbers of these Companies have been changed by the Board of Engineers; No. 8 now is designated as No. 1; No. 7 as No. 2; No. 6 as No. 3; each taking the number of the Ward in which it is respectively located.

sence of all the engineers, such permission and all orders shall proceed from their respective foremen.

SEC. 6. Each company of the department shall take out their respective engines and apparatus for exercise as often as the chief engineer shall direct. And such exercise shall be directed and required by the chief engineer not oftener than once a month and at least once in two months.

SEC. 7. It shall be the duty of the engineer of each steamer to keep his machine at all times in perfect order and repair, and in readiness for immediate service, and of the other members thereof, to take in charge the hose of said company, having the same properly dried and reeled as soon as may be, after use at any fire, and otherwise to perform any necessary duty which their foreman may direct.

SEC. 8. It shall be the duty of the teamster of each steamer to take charge of the horses attached to his company, to groom and otherwise properly attend them, to keep the stables in a cleanly and orderly condition, and to act as stewards of the steamers' house, under the direction of the chief engineer.

SEC. 9. It shall be the duty of each other engine, hose, and hydrant and hose company to have their engine, hose and other apparatus cleaned, washed, oiled, reeled and housed immediately after their return from any fire or service, and at all times to maintain the same in good condition.

SEC. 10. All members of the department, when on duty, shall wear some suitable badge, to be determined upon by the board of engineers.

SEC. 11. It shall be the duty of the board of engineers to inquire for and examine into all places where shavings and other combustible materials may be collected or deposited; and cause the same to be removed by the tenants or occupants of such places, or at their expense, whenever, in the opinion of said board, or of any committee of said board, such removal may be necessary to the security of the city against fire.

SEC. 12. The pay of the members of the department shall be as follows: *Within the Precinct*—Chief Engineer, $100 per annum; Assistant Engineers, $25 per annum; Engineers of Steamers, $100 per annum; Members of Steamers, $25 per annum; Members of Hose Company, $25 per annum; Members of Hook and Ladder Company, $18 per annum; Members of Hydrant and Hose Company, $15 per annum. *Without the Precinct*—For Engine Companies Nos. 6 and 7, the sum of $200 per annum each, and for Engine Company No. 8, the sum of $400 per annum—to be divided among the members as each company may direct upon its pay-roll. For Assistant Engineers at East and West Concord, ten dollars each; and for Assistant Engineer at Fisherville, fifteen dollars.

SEC. 13. For each absence from fire or neglect of duty, the chief and assistant engineers and engineers of steamers shall be fined three dollars each, and each other member of the department one dollar: *Provided, however*, That any fireman, liable as above, may, in case of temporary absence or sickness, have power of substitution by giving notice, each assistant engineer to the chief, and each other member to the foreman of his company. And the clerk of the board of engineers and of each company shall make returns of all fines upon their rolls, and such fines shall be deducted from the pay of parties incurring them.

SEC. 14. The pay-rolls of the board of engineers and of the several fire companies shall be made up and sworn to by the chief and clerk for

the board of engineers, and by the foreman and clerk of each company, respectively, and returned to the board of engineers for approval; and, after the action of the said engineers and the sanction of the City Council, said pay-rolls shall be passed over to the City Marshal, under whose sole direction all sums for services of firemen shall be disbursed.

SEC. 15. The clerks of the several companies shall make up their pay-rolls semi-annually, on the first day of February and August, respectively, and payment thereon shall be immediately thereafter, agreeably to the foregoing section; and said clerks shall be allowed six dollars per annum each for their services.

SEC. 16. No charges for extra service by any member of the department shall be allowed, unless upon a written order of a member of the board of engineers.

SEC. 17. It shall be the duty of the City Marshal and the police force under his control, to have in charge all matters relating to the removal and protection of personal property, endangered by fire; and any person entering a building or removing property, in contravention of the orders of said City Marshal, shall be liable to a fine of five dollars, to be recovered in the police court of this city.

SEC. 18. Any volunteer company, using the apparatus of the city at any fire, shall be under the control and command of the chief engineer and his assistants agreeably to the foregoing provisions of this ordinance.

SEC. 19. This ordinance shall take effect from and after the first day of November next; and all ordinances inconsistent with the provisions of this ordinance are hereby repealed.

Passed Oct. 26, 1867.

REPORT

OF THE COMMITTEE ON THE CITY FARM.

To the Mayor, Aldermen and Common Council of the City of Concord:

The Joint Standing Committee on the City Farm herewith present the Sixteenth Annual Report:

Appraisal of farm and buildings, Feb. 3d, 1869	$12.000,00	
Appraisal of stock, tools, furniture and provisions	3.633,15	
Total		$15.633,15
Appraisal of farm and buildings, 1868	$10.000,00	
Appraisal of stock, &c., 1868	3.269,30	
Total		$13.269,30
Increase of valuation past year		$2.363,85
" " of stock, tools, &c	$363,85	

Number of paupers at the farm, Feb. 1st, 1869.....17
Whole number the past year.....30
Average number for the year 15
Died during the year.....2
Number of criminals sentenced to the House of Correction.....8

In the opinion of the Committee the comfort of the paupers has been carefully considered by the Overseer and Matron.

Amount of expenditures for the year ending Feb. 1st, 1869, including the sum of $210 paid for the House of Correction,		$2.579,97
Amount of receipts, including $200 of the City for the House of Correction	$2.691,49	
Due for stone, as per report of Finance Committee	292,05	
		$2.983,54

The loss of tools by the fire of 1867 and the purchase of a horse has added largely to the expense of the current year.

CITY OF CONCORD TO CITY FARM. *Dr.*

To 762 weeks' board of paupers and criminals, at $2 per week	$1.524,00	
Receipts at farm and due for stone	2.983,54	
Increased valuation of stock, tools, &c	363,85	
		$4.871,39

CONTRA.

By amount of expenditures at farm	$2.579,97	
Overseer's salary	400,00	
Interest on farm	928,85	
		$3.908,82
Balance in favor of farm		962,57

Respectfully submitted,

G. W. FLANDERS,
JACOB N. FLANDERS, } *Committee.*
JOHN THORNTON,

REPORT

OF THE

OVERSEER OF THE POOR FOR WARDS 3, 4, 5 AND 6.

To His Honor the Mayor and the City Council of the City of Concord:

The Overseer of the Poor for Wards, 3, 4, 5 and 6, respectfully submits the following report, commencing with May, 1868, the date of his appointment, to the close of the financial year, ending with January 31, 1869, embracing a period of nine months only. There was received two hundred and fourteen applications for aid. Thirty families, numbering one hundred and two persons, have received more or less assistance during the past nine months. This number does not include transient persons or those at the Poor Farm, or in the other three remaining wards.

Of the 214 applications for aid, each has received our personal attention, and in no case, it is believed, has your charity been withheld, or aid denied, where satisfactory evidence was furnished of actual necessity, by reason of age, sickness or other unavoidable calamity; while professional beggars have invariably received but slight consideration at our hands.

The supplies furnished have consisted principally of substantial provisions and wood. Seldom are we required to furnish clothing, and, in but few instances, is house rent paid by the city. All cases of sickness requiring medical treatment, have, on application, been promptly rendered by our obliging and efficient City Physician.

There has been supported by the city, at an expense of about $260, five boys at the State Reform School, committed for crime, the past year. This has been about the average number annually supported by the city in that institution for several years past.

At the Asylum for the Insane there has been supported by the city the past year eight insane persons, at a cost of about $1800. After deducting the amount annually received from other towns in the State for aid furnished those having a settlement elsewhere, and also what is sometimes refunded, it will be seen that the Reform School and Asylum bills constitute nearly, or quite, one-half of our whole pauper expenses for the year.

A more definite statement of the pauper expenses of the four wards above enumerated cannot well be made, since all bills for this department are charged under one common head and paid from the same common fund. The total pauper expenses for the year will appear in its place in the Report of Receipts and Expenditures.

Aid furnished county paupers is a distinct and separate account, to be refunded to the city on settlement had with the County Commissioners.

Respectfully submitted,

C. F. STEWART,

Overseer of the Poor for the above Wards.

ANNUAL REPORT OF THE CEMETERY COMMITTEE.

To the City Council of the City of Concord:

The Cemetery Committee respectfully submit this their

NINTH ANNUAL REPORT.

The receipts and expenditures of the Committee for the year ending January 31, 1869, have been as follows:

Old Cemetery.

RECEIPTS.

1868.			
Jan. 21.	Cash balance on hand	$13.52	
Aug. 28.	" of City Treasurer, special appropriation	300.00	
Dec. 7.	" of E. A. Moulton, wood	30.00	
1869.			
Feb. 1.	Cash of City Treasurer, interest on bonds	49.20	
			$392.72

EXPENDITURES.

1868.			
Jan. 30.	Paid A. Evans, labor	$14.00	
"	George Downing, labor	5.25	
July 1.	Nathaniel White, water rent	12.00	
Aug. 3.	V. R. Moore, carpenter's work	5.50	
"	S. M. Chesley, iron work	1.25	
"	Union Steam Mill Co., lumber, &c	1.65	
"	A. C. Holt & Co., lumber	7.50	
"	Moore & Cilley, nails	1.08	
"	Wm. Kenniston, labor	43.12	
"	Thomas and Robert Carley, labor	101.25	
Sept. 17.	Bradbury Gill, blacksmithing	.75

Dec. 7.	C. W. Paige, Superintendent	145.75	
"	Jonathan George, trucking	.25	
"	Joseph B. Walker, use of oxen, &c	1.50	
"	Balance in hand of Superintendent	20.43	
			$392.72

A special appropriation was made in August by the City Council for the purpose of clearing up the grounds, repairing

fences, &c., which was faithfully and judiciously expended by the Superintendent, under direction of the Committee. The improvement was marked and most acceptable. A further appropriation, not exceeding $150, to be laid out in grading and gravelling the avenues, is desirable, and would complete the work already undertaken and place the cemetery in a neat and orderly condition.

The amount of funds belonging to this cemetery, derived from the sale of lots, and now in the City Treasury, is $600. This is invested in U. S. 5-20 Bonds and is kept a permanent fund, and the annual interest alone appropriated for purposes of improvement.

For several years past no income has been derived from the sale of lots, the demand for which has entirely ceased since the opening of Blossom Hill Cemetery.

Blossom Hill Cemetery.

RECEIPTS.

1868.			
Dec. 12.	Cash from sales of grass	$30.00	
"	from sales of wood	8.00

GENERAL SUMMARY.

The whole amount received from the sale of lots to date of last report, (Feb. 1, 1868) was	$7,233.37
Amount received from Feb. 1, 1868, to Feb. 1, 1869	676.30
Total receipts from sale of lots	$7,909.67

The gross receipts from sale of lots in this cemetery are applied one-half to the payment of interest and towards the extinguishment of the principal of the debt incurred in the purchase of the land; the other half in improvements and for general superintendence. There is now due on notes for this purchase the sum of $3697.00, (less $142.96 in the hands of the City Treasurer to be applied,) with the interest paid in full to December 1, 1868. The amount received from sales during the year 1867–'68 was $1004.88; for 1868–'69, $676.30; decrease, $328.58.

An orderly and cleanly condition of the cemetery is at all times indispensable, entailing a considerable expenditure, and the limited sum placed at our disposal gives but little surplus for general improvements. A chapel, gateway and fountains would greatly adorn these grounds, and we trust that private liberality may, by the by, furnish the means to carry out these enterprises.

Concord, Feb. 1, 1869.

REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY.

To the City Council of the City of Concord:

The undersigned, Trustees of the Public Library of the City of Concord, respectfully submit their annual report. During the year there have been added to the Library, by purchase, 278 vols.; by donation, 2 vols. International magazines from Benjamin Green; 4 vols. Congressional Documents from Hon. A. H. Cragin. The whole number of volumes in the Library is now 4884. At the time of the annual examination, February 1st, 107 volumes were missing from the shelves. Of these, 49 have since been returned, leaving 58 to be accounted for. Of the missing volumes, 36 were gone at the last previous examination, and are doubtless lost. This is a very small loss for a library that has circulated so extensively as has our Public Library, and speaks well for the care of the Librarian and for the manner in which it is regarded by the public.

The number of subscribers the past year was 648, a decrease of 21 as compared with the preceding year. The number of volumes charged to subscribers was 16,869, which is an average circulation of each volume of between three and four times. There are few libraries that give greater indication of being adapted to the objects for which they were founded.

The following volumes have been purchased with the interest from the Lyon legacy: Cassell's Natural History, 4 vols.; Parton's Life of Aaron Burr, 2 vols.; Parkman's French Pioneers of America; Eliot's History of Liberty, 4 vols.; History of the 39th Congress of the U. S.; Baker's Secret Service; History of the U. S. Christian Commission; Birds of New England; Expedition to the Great Salt Lake, 2 vols; White's History of France, 3 vols.; Muspratt's Applied Chemistry, 2 vols.; Gosse's Evenings at the Microscope; Ross Browne's Resources of the Pacific Slopes.

The increase from donation has been small. There are many people in our city who might easily give one or two volumes each year, and these donations would in time result in a large aggregate of good. We trust that the increase from this source will be more considerable in the future.

The financial condition of the Library appears by the accompanying report of the Treasurer.

REPORT OF THE CITY MARSHAL.

To His Honor the Mayor and the Board of Aldermen of the City of Concord:

The undersigned respectfully submits the following report of the doings of the Police Department of the City of Concord for the year ending January 31st, 1868:

Whole number of arrests made during the year (including about 40 made by predecessor) were 273.

Found intoxicated	139
Larceny	34
Assault	29
Burglary and larceny	8
Rude, indecent and disorderly conduct	39
Common drunkard	5
Fornication	2
Assault, with intent to commit rape	3
Rape	2
Stubborness	2
Defrauding	2
Injury to buildings	2
Common prostitute	3
Obstructing sidewalks	2
Keeping disorderly house	1
	273

Of the above cases 121 were arraigned before the Police Court, charged with the following offences, to wit:

Found intoxicated	34
Larceny	28
Assault	23
Burglary and larceny	8
Rude, indecent and disorderly conduct	5
Common drunkards	5
Fornication	2
Assault with intent to commit rape	3
Rape	2
Stubborness	2
Defrauding	2

Injury to buildings	2
Common prostitutes	2
Obstructing sidewalks	2
Keeping disorderly house	1
	121

And were disposed of by the Police Court in the following manner:

Sentenced to pay fines	87
Sentenced to the House of Correction	7
Sentenced to the Reform School	4
Sentenced to Jail	3
Discharged	2
Dismissed or nol prossed	4
Ordered to recognize to appear at the Supreme Judicial Court	14
	121

107 persons have been furnished with lodging during the year at the Station House.

Respectfully submitted,

J. L. PICKERING, *City Marshal.*

Concord, Jan. 30, 1869.

REPORT OF THE POLICE JUSTICE.

To His Honor the Mayor and the Board of Aldermen of the City of Concord:

The Police Justice herewith submits the Sixteenth Annual Report.

The whole number of civil actions entered before the Police Justice during the financial year, now about terminating, is forty-four.

The whole number of criminal prosecutions brought before the Police Justice during said year is one hundred and forty-three.

The report of the City Marshal of this date contains a statement of the nature of such of those prosecutions as were instituted by the city authorities, and of their final disposal.

The Police Justice charges himself as follows:

Amount of fines, &c., received in criminal prosecutions	$463.34
Amount of costs received in criminal prosecutions	444.92
Amount of fees received in civil actions	23.34
	$931.60

And discharges himself as follows:

Paid to City Marshal and others, officers and witnesses fees in criminal prosecutions	$234.40
Paid for blanks, stamps, &c	27.09
Paid to City Treasurer	620.11
	$931.60

The increased amount of fines received over some previous years is attributable chiefly to the extension of the authority of the Court in cases of larceny.

SYLVESTER DANA, *Police Justice.*

Concord, January 30th, 1869.

REPORT OF THE SPECIAL POLICE JUSTICE.

To His Honor the Mayor and the Board of Aldermen of the City of Concord:

The Special Justice of the Police Court herewith submits his Annual Report.

There were thirteen arraignments during the year past, and one during the previous year not heretofore reported, before the Special Justice for criminal offences, the particulars of which are sufficiently apparent from the City Marshal's report.

There were six civil actions entered before him during the year.

The Special Justice charges himself with,

Amount of fines received in criminal cases	$18.20
Amount of costs received in criminal cases	78.15
Amount of fees received in civil actions	.50
	$96.85

And discharges himself as follows:

Paid City Marshal and other officers and witnesses fees in criminal cases	$60.40	
Paid City Treasurer	36.45	
		$96.85

N. B.—$5 of the amount paid City Treasurer is not included in his report of this year, but will be in his next report.

ARTHUR FLETCHER, *Special Police Justice.*

Concord, Jan. 30, 1869.

MARRIAGE AND MORTUARY STATISTICS.

Record of Marriages.

The number of marriage certificates issued at the City Clerk's office, during the year 1868, by months, is as follows:

January 10, February 7, March 9, April 14, May 5, June 12, July 14, August 5, September 12, October 17, November 12, December 19. Total, 136.

The average age of the men was 28.3 years, and of the women 24.6 years. The oldest man was 66 years, and the oldest woman 65 years. The youngest man was 17 years, and the youngest woman 16 years. There were 7 men 19 years of age.

The residences of the men were as follows: Concord 99, New Hampshire 111, Maine 4, Vermont 2, Massachusetts 9, New York 5, Wisconsin 1, Missouri 1, Maryland 1, District of Columbia 1, Minnesota 1.

The residences of the ladies were as follows: Concord 99, New Hampshire 124, Maine 1, Vermont 3; Massachusetts 4, New York 2, Canada West 1, British Provinces 1.

Both parties of five couples were out of the State.
